MEMORANDUM FOR: Director of Communications

FROM: James H. McDonald
Director of Logistics

SUBJECT: Office of Communications Strategic Plan

REFERENCE: Multiple adse memo dtd 15 Feb 78 fr D/OC,
same subject (OC M78-111) (OL 8 0687)

1. We have reviewed your Strategic Plan for future communications requirements and are impressed with the thoroughness with which it was prepared and the in-depth analysis of future communications trends and needs.

2. We are concerned, however, with the implications of a centralization of the support structure for overseas activities as stated in paragraph 4.5. Such centralization, of course, would not reduce the logistical support required in support of communications, but would merely relocate the positioning of such support.

3. We agree that this concept should be fully explored and request that the Office of Logistics be represented on any study group tasked with this responsibility.
